

Digital Water Curtain

The customisable features of Wildfire's Digital Water Curtain make it suitable for various types of events. It can be used as a beautiful installation piece or as part of a stunning bespoke performance. Our Digital Water Curtain will have your audience gasping in awe as it sends water cascading down in customisable patterns.

Custom Branding Feature

A Dynamic Waterfall

The Digital Water Curtain is a highly intelligent water apparatus with 600 individual valves. By programming the opening and closing of these solenoid valves, Wildfire can create shapes, letters and symbols with falling water droplets.

The Digital Water Curtain is a unique means of displaying messages for branding purposes.

Digital Water Curtain with Customised Branding

Rates & Information

Base Rate from \$10,000

Includes rental of the Digital Water Curtain for your event. Excludes rigging, electric and water. See [Slide 22](#) for details.

Experiential Feature

Guest Walkthrough

Create an immersive entertainment feature for your event with the digital water curtain. Its intelligent programming feature allows us to pre-set functions which enable guest interaction. Not only does this give your audience a great chance to take beautiful photos, it offers them fond memories of a rare experience they will always associate with your event.
